

# PRO COTE

## ANTI RUST

**Anti Corrosion Film  
Long Term Protection  
Coating For All Metals**

Content : 450ml

**Advanced Technology  
Solutions To Cleanliness & Lubrications**

### ANTI-RUST

**PRO-COTE** Provides long term protection for all metal against rust, corrosion and moisture by depositing a protective waxy film which forms a barrier against the destructive actions of oxidation, acids and alkalis.

**PRO-COTE** Forms a non-greasy, dry ANTI-RUST film on the metal surface within several minutes after application.

### AREAS OF USE

**PRO-COTE** is for preventing corrosion and rust on moulds and dies, engineering tools, precision equipments, machineries and metal products.

### DIRECTION

**Shake well before spraying. Adjust spraying distance to give good and even coverage. For better ANTI-RUST protection, spray thicker coating.**

### CAUTION

Contents under pressure. DO NOT store above 120°F (50°C). If swallowed, Do Not induce vomiting. Seek medical attention. Immediately flush eyes with water for at least 15 minutes. Get medical attention if irritation develops and persists. Flammable container is pressurised. DO NOT puncture or incinerate. Keep in a cool place away from heat sources or the sun. Keep out of reach of children.
